REACH GOLFERS

Golf Cart GPS Advertising Platform

SEASONAL ADVERTISING

Your Local Ad Revenue Opportunity with Reach Golfers

Turn your cart GPS screens into a revenue stream. Your course keeps 50% of everything collected.

HOW IT WORKS

1. **Send a Few Emails. We Do the Rest.**
   We provide ready-to-send email templates. Launch from your email platform and forward any responses to us.

2. **Emails Drive Your Contacts to a Custom Landing Page**
   Every email links to a co-branded landing page built specifically for your course. We track every click and form-fill, so no lead ever slips away.

3. **We Handle All the Follow-Up**
   Once we're introduced to an interested business, we take it from there. Negotiation, pricing, creative, contracts, and billing. You never have to make a single sales call.

4. **You Earn 50% of Every Sale**
   We maximize revenue for your specific market and split the profit 50/50. Pure passive income for your course.
